

Institute of Veterinary Virology, University of Bern

Host-Pathogen Interaction: Persistence in Viral Infections

Friday, June 17th 2011

Lecture Hall HS 220, University of Bern main building, Hochschulstr. 4, 3012 Bern

<http://www.ivv.unibe.ch/news.html>

- 09.00 - 09.10 Opening remarks
- 09.10 - 09.55 *Esteban Domingo, Madrid (Spain):*
Virus extinction by lethal mutagenesis. Trying to cope with mutagen- and inhibitor-resistance mutations.
- 09.55 - 10.40 *Volker Moennig, Hannover (Germany):*
Perfect parasite or perfect killer? –The fascinating world of pestiviruses.
- 10.40 - 11.10 Break
- 11.10 - 11.55 *Hervé Bourhy, Paris (France):*
Lyssavirus dynamics in flying and non-flying mammals.
- 12.00 - 12.30 Q&A Session for students (talk 1-3)
- 12.00 - 13.45 **Lunch**
- 13.45 - 14.30 *Mathias Ackermann, Zurich (Switzerland):*
Balance of power and powers imbalanced.
- 14.30 - 15.15 *Barbara Blacklaws, Cambridge (UK):*
Small ruminant lentivirus pathogenesis: big problems from small loads.
- 15.15 - 15.45 Break
- 15.45 - 16.30 *Gianfranco Pancino, Paris (France):*
From the cell to the patient: How to deal with HIV and control the infection?
- 16.30 - 16.40 Concluding remarks
- 16.45 - 17.15 Q&A Session for students (talk 4-6)
